

## WHY WORK WITH FOCUS?

We've been endorsed by National Craft Butchers since 2008.

We're always transparent with fees and we help you avoid any hidden charges from suppliers.

We make it easy for you to compare suppliers and rates - all we need is a copy of a recent bill and a signed letter of authority printed on your headed paper.

Our friendly and dedicated account management team are based in Hertfordshire and understand your business and energy needs. They'll provide ongoing support should you have any issues with your energy supply or your billing.

## WHAT WE DO

We are a leading energy consultancy who are committed to delivering real value for your business. Energy is our passion and we use our expertise to advise our clients not only to help save them money, but to guide them in the best solutions to drive efficiency and achieve their overall business goals. We deliver transparent energy solutions for business energy users - including energy procurement, energy management, customer solutions and compliance services.

**50%**

of a typical butcher's electricity cost is for freezers and refrigerated storage

**£12,000**

Typical annual energy costs for an average sized butcher

## Excellent Feedback from NCB Members

"We have worked closely with Focus Assured for a number of years. They have helped many butchers and meat plants find the best deals for their energy needs and we get consistent excellent feedback from our members. We find Focus extremely professional, efficient and have a wide knowledge of their industry."

— Richard Stevenson  
Technical Manager at NCB
